

Bentley Blu Ryan

November 7, 2008 - November 30, 2011

Bentley Blu was born on November 7, 2008 and came home with his new Mom in February of 2009. He was born in Bloomington and brought to Delilah's Pet Shop to find a new home.

Bentley's tail never stopped wagging and we often called him "wiggle worm".

He is survived by his pet parents; Hayley Ryan and Chad Wiltermood; and sibling; Charlie, a seven month old pit/lab mix. Bentley was surrounded by so many people who loved him including Kim and Kent Ryan, Brittany Ryan, Hayden and Hunter Wiltermood, Sheryl Hamer, Lisa Church, and many other wonderful people.

Bentley was predeceased by a pet sibling, Star, who is waiting in dog heaven for him.

Bentley loved to play outside and go for walks. He was content as long as he had a bone, and loved to lounge around in his mom's bed. Bentley loved his basic dog food, but always licked his chops for cheese.

Sadly, Bentley Blu tragically passed away too soon from an unfortunate accident, but his spirit will forever live on. Bentley Blu was always right at his mother's heels and having that companion will truly be missed. Bentley loved to go for car rides and ride shotgun in his "doggy seat belt". He also loved to go for hikes at Mounds State Park. Bentley was very well behaved and your typical Australian Shepherd who listened very close and always wanted to please. I am so thankful for the memories that were made and the time that was spent with Bentley, but am terribly sad that our time together was cut so short! Your bright blue eyes will forever shine on. Mom loves you forever Bentley Blu! Thanks for being the "Best Dog Ever"!

“ Sure do miss you Bentley. You were a wonderful "company keeper" for me and a good pal to Star - taking over her role of "keeper of the back yard." I will think of you and Star when out on walks. Love, Kim

“ Bentley Blu you will be missed for your endless companionship and understanding, but even more because of your unrequited friendship with Hayley.

Keep those BLU eyes looking over us and you and Star enjoy chasing one another.

Miss you!
