

Addie Scott

August 4, 2007 - February 8, 2021

Addie was a loyal and loving baby.

She ran like a race horse and snored like an old man.

She loved steak and pup cups from Dairy Queen.

She wanted to be a part of everything we did, especially going on car rides.

We will always love her as she holds a special place in our hearts.

“ Addie, there's no doubt in our minds that you were the most well loved baby on the planet! You ate better than any dog (and most people!) we've ever known, you often enjoyed chasing birds and bunnies in a big backyard and every night, Mom and Dad were there for cuddles in a big comfy bed!

One of my favorite memories of you is when Hoss would smack his butt at you and you would bark at him. Haha!! You also never failed to go get your toys when we would call them by name. You were so smart! You knew each and every one.

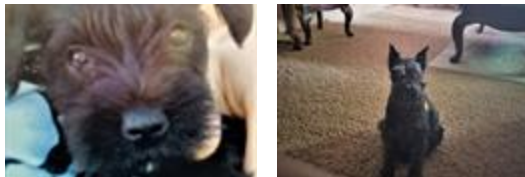

You were by my parents' side when I went off to college, when I moved to Florida, got married and even when I had my first baby. That makes for a very special companion and I know you're running around in the most beautiful place we could ever imagine with a God who uniquely created you to be a joy in our lives for 14 special years.

We love you and we'll 'see you later' Addie girl!
