

Annie Hovermale

August 20, 2001 - July 5, 2015

Annie was rescued on August 20, 2001 at 9 months old from the Animal Shelter Rescue. She was also called Little Orphan Annie, Bug and Baby Girl. Her pet parents are Larry, Brenda And Brian. Annie has one sister Abby rescued in 1999 and three other family members, Bridget, Greyson and Leighton.

She loved riding in a car and walking Mounds Park. Her and Abby Would Howl together.

She had her favorite toys that were a tennis ball dog bone she would greet us with at the door whenever we came home.

She Did not like storms, fireworks and the groomer. Annie liked to sleep anywhere and everywhere but usually close to food and pet parents.

Annie also liked freeze dried chicken livers, pizza bones, Taco Bell and Kibble gravy she made by dripping her drinking water inot her food dish.

Annie had the most beautiful blue and amber eyes. Her fur was a beautiful color, curly and soft as bunny fur. She was easy going, never showed her teeth to anyone and was like a big lovable bear. We are thankful she came into our lives.
