May 8, 2026

Ash Marsh was born in April 2015, and passed on May 8, 2026. He is survived by his pet parents: Joshua Marsh, Monica Bluck, and Peggy Porter; human siblings, Sylix and Elsie.

Ash's favorite activities were sleeping, drinking milk, and lounging on his patio talking to the birds. His favorite place to sleep was on the ottoman or under the big window in Elsie's room.

Favorite memories of Ash: He would walk slowly in front of you all the way to the bathroom and try to get you to stop at the fridge to get him milk.
