

Bacon Flynn

April 24, 2004 - September 2, 2021

Bacon ("Sister Pig", "Diva", "Pigzilla") was born on April 24, 2004 and passed on September 2, 2021. She is survived by her pet parents, Tari and Chris Flynn; human siblings, Anthony and Reid; and many kitty siblings.

Bacon's favorite toys were her Glow Worm, stuffys and ball. Her favorite activities were eating, napping, watching animated movies (favorite is "Finding Nemo"), playing her piano, and twirling hoops on her nose. Her favorite place to sleep was in her bedroom in a pile of soft blankets.

Special memories of Bacon: The face she made when you tell her to "be beautiful" and the best pig kisses ever.

“ I was so deeply saddened to hear of Bacon's passing. She was the same age as Piggy when Piggy left us. Now they're together. The two little girls had much in common. Fly high sweet angels. I believe we'll see you again.
