

## Bailey Caylor

August 2, 2024

Bailey entered our lives in May of 2014 when we adopted her from a local shelter. She was already two years old when she came into our family, joining her new sibling brother, Bob. They were instantly bonded and always by each other's side. They loved to play tug of war with a stuffed toy and to roughhouse in the yard. She did not like loud sounds, especially storms and the fire alarm. Her favorite activities were chasing bunnies, trying to catch the red laser dot and shaking her squeaky duck toy until it lost all of its stuffing and another one had to be retrieved from the stash of new ducks. Bailey went by a couple of nicknames but our favorites were "new dog" coined by her human brother and "sausage dog" bestowed by her human sister. Bailey is survived by her pet parents, Ginger and Dave as well as her human siblings, Steve and Courtney. In addition, she was well loved by Granny, Karla, Emily and Jay. She enjoyed many play dates with her human nieces and nephew. Bailey was preceded in death by her best friend and dog brother, Bob, who no doubt greeted her at the Rainbow Bridge on August 2, 2024, with "Bo-Bo's" and yummy bones. We will miss her rolling in the grass, giving nose boops, watching her throw a tennis ball to herself to catch in mid air, her constant need for attention and seeing her curled up by the fireplace in her comfy bed. Run free "sausage dog." You will be missed always.
