

Bigger Sheeks

July 18, 2000 - February 8, 2019

Bigger was born on our anniversary, July 18, 2000, and died on February 8, 2019. He and his litter mate sister were a birthday gift for my husband. For so many years he entertained us with his outgoing personality, always fun. He never met a stranger, and always met us at the door when we returned home.

During the two years of my husband's illness and because of his advancing age and love for Jack, they spent many hours sleeping together in the Lazyboy. Since my husband's death nine months ago, he has been my constant companion.

Words cannot tell how I miss that picky eater, skinny guy who loved to fight/play with sister, Little Bitty, toss his catnip mouse, sneak out the door every chance he got, and always kept my feet warm at night - winter and summer.

Your loving lonely mom, Shirley
