

Bosco Pee Kotrain

August 22, 2015 - May 1, 2024

Bosco was born on August 22, 2015, and crossed the Rainbow Bridge on May 1, 2024. He sadly lost his 4 1/2 month fight with an aggressive abdominal cancer.

Bosco is survived by his pet parents, Ken and Beth Williams. He is also survived by his furbaby dog sister, Bailey, and his cat brother, Mr. Bentley. Bosco loved his momma. He was her "handsome boy", her shadow, and her protector. He loved to chew sticks, nap, eat snacks, and play with Mr. Bentley. He also enjoyed teasing Bailey by stealing her ball. He put on a good show with his deep bark, but was just a big ole baby. He wasn't a big fan of eating unless it was treats or human food. He LOVED popcorn. It was always funny when Bailey would eat raw carrots. Bosco would always want one because he thought he was missing out, but I could never convince him that he didn't like carrots.

Sleep well and rest easy my handsome boy. I will miss your sweet face and those eyes that would get me every time!

Momma loves you.

Tribute Wall

MI

“ Aunt Missy and Bosco had a love/ hate relationship...lol. He cornered one day out of the blue in the bedroom and Momma Beth had to come save me....lol. I honestly think he was playing with me, but then again I'm not so sure. He was a very handsome boy !!! I know you are already up there playing with Sandy. Find my Packer and Lambeau and give them some doggy kisses for me.
