

## Buddy Tubbs

June 18, 2025

Our little boy, buddy stole our hearts when he was eight weeks old. He was a funny little boy, jumping, and playing tug-of-war was his favorite. We brought him home to his big sister Sadie, who preceded him in death. He's with her now playing and jumping and loving each other.

He gave us 16 years of unconditional love. He was with us through some hard times with Terry's health. Laying in bed with daddy when he wasn't feeling good, giving him kisses and encouraging him to fight through it.

Buddy was a rock for all of us. He will be missed every single day.

Until we meet again, my good old boy, Buddy run free!!

We love you
