

Cali Burnett

October 1, 2021

Cali was adopted in the Spring of 2013 after showing up at my front door as a stray on a bright sunny Sunday afternoon. She passed away on October 1, 2021. She is survived by her pet parent, Denise Burnett and her pet sibling, Tabby.

Her favorite toy was Lamb Chop which she slept with every day. She also enjoyed chasing milk jug rings.

She loved her bed and sleeping the afternoons away. She always looked forward to her daily brushings.

She didn't like the vacuum cleaner and hated thunderstorms.

You never had to worry about her being hungry. She would let you know if it had been too long by rattling the pet gate in her room. If you ignored her the rattling got louder and louder until she was fed.

My heart was broken the day I had to say goodbye to her, but I know she is healthy again and running around playing at The Rainbow Bridge. Mama loves and misses you every day. Wait for me at The Bridge.
