

## Cali Clymer

January 11, 2015 - April 26, 2025

Cali Clymer was born on January 5th 2015, and was laid to rest on April 26th 2025. She went peacefully in her mom's arms.

She is survived by her human mom, Alexa. Her grandpa Jeff (Papa), her grandma Laura (Nina), her cousins, Olivia and Ivan and her pug sister, Coco. And so many other friends that loved her. She was preceded in death by her pet sister, Trixie.

Her mom wanted a Boxer for a long time and went to look at Boxer puppies and Cali was the only one that attacked her with kisses so she knew they were meant for each other. Cali was her mom's pride and joy since the day she brought her home when she was 8 weeks old. Cali was the sweetest dog you ever met. She brought joy in to everyone's life that knew her and met her. She didn't have a mean bone in her body. She didn't know a stranger and she loved everyone, especially kids. She was so good with kids. If we were at the pet store and she heard little kids, she would perk right up and go searching for them so that she could give them all the kisses in the world. She was an oversized lap dog and loved to park her butt right on your lap. Treats and goodies were her favorite things. She would get so excited when she saw her mom get home for work, she would sit and wait for her at the front door and as soon as she saw her mama she ran to grab a toy to show to her mom and her little nub would wag so fast that her whole back end would wiggle. She loved

playing tug of war with her rope toys and she loved stuff animals. She loved to go on car rides and loved to sleep right next to her mama in bed.

There weren't many things that Cali did not enjoy, besides getting her toenails clipped.

The day I brought her home when she was 8 weeks old ( March 5, 2015), and everything and all the time spent with her was my favorite memory.

Cali was the most spoiled dog in the world and her mama loved her more than anything. They shared the most special bond and she will be missed dearly.

“ Although I was away from Cali and my family for many years, when I saw her again for the first time, she acted as if we had never part! Cali was Alexa's heart and soul and NOTHING came before Cali. It is so unfair the short amount of time they are given to us and then taken away. It is heartbreaking. I know nothing I say will make Alexa (mom) feel any better, except for she gave her the absolute best life she could have. And Cali w

“ *Cali was my granddogter, and she was a blessing straight from God. I sobbed the moment Alexa walked in with her, never seeing a more beautiful tiny creature in my entire life! She was absolutely the most loving, happy, entertaining pup you could possibly know! We will miss her until the end of time, but we know she’s with Jesus and her sister Trixie. Rest in peace my beautiful Cali. Grandma loves you with all her heart!* ”
