

Chance Kiray

May 20, 2024

Chance ("Dude:", "Mr.", "My Son", "Mommy's Boy") Kiray was adopted in June 2013, and passed on May 20, 2024. He is survived by his parents Greg and Susan Kiray; human siblings: Amy, Christine, and Mary; pet siblings Bergen and Indy. Other family and friends are Vinay, Lola, Vijay, and Lily Shukla; Steve New, Judy Palmer, and Sister Diane.

Chance's favorite toys were socks. He always carried around a sock. His favorite activities were eating, spending time in the backyard, laying on the couch or bed, and playing in the snow. His least favorite thing was getting groomed. His favorite place to sleep was in bed with us.

Favorite memories of Chance: He loved taking walks in the park. He loved stopping at a drive thru when he was in the car. He loved table scraps and green beans. He loved all people and dogs. His tail was always wagging. He loved to kiss our face. He was a kind soul.

Chance collapsed on May 19, 2024. We took him to an emergency vet. His ultrasound showed a vascular tumor on his spleen that had ruptured. We took him home for 5 hours and laid in bed with him. When he started panting we took him back to the vet. He was very lethargic. Right before he was put to sleep, he raised his head and kissed my nose and my daughter's nose. He was very loving until the very end.
