

Cletus Imel

July 31, 2011 - February 26, 2026

Cletus ("Cletus-Cecil", "Pookie Bear", "Petey") Imel is survived by his pet parent, Amy Imel - widowed from Chris Imel - Cletus is with his "Pop Pop" now. He is also survived by his pet siblings: Trapper and Hefner (dogs), Jethro (littermate), Felicia (green cheek conyer), Birdie, Blondie, Yella, Navy, Toe-Beans (cats). Other family and friends are Grandma and Grandpa Pund (Dave and Pat), Wendy Pund (Auntie), and Cindy Johnston (Auntie).

Cletus was too good for cat toys! :) Catnip, if we had to pick. His favorite activities were sunbathing on the patio, bird watching, and snuggling with Momma and Pop-Pop. His least favorite thing was when Momma had to go to work. His favorite place to sleep was by Momma's head and anywhere Momma is.

Favorite memories of Cletus: I've never had a cat that was so in tune to my feelings and emotions. He was a true and natural therapy cat and I know I was so lucky to have him in my life.
