

## Cooper Staley

July 28, 2011 - January 23, 2022

Cooper Staley—"Mr. Cooper", "Coop Coop"

Cooper was born on July 28, 2011 and crossed the Rainbow Bridge on January

23, 2022. He was rescued and was a surprise for his Mom, Nancy, for her birthday in

November.

Cooper loved to snuggle, especially under the blanket. He preferred sleeping right next to his Mom and had to be touching her all night. Cooper also loved to lay in

the grass on warm sunny days or play tug of war with his sisters, Belle and Molly. He

enjoyed going for a swim in the pool with his life jacket on as well.

One of Cooper's favorite activities was watching for squirrels at the back door and then screaming at and chasing them when he was let out. He especially enjoyed

going for car rides and spending time with his family while camping.

Cooper is survived by his pawrents, Kirk and Nancy, his fur sisters, Molly and Cynder, human siblings Kaelyn and Ali, and many special fur friends at Dogz in Sudz

where he loved to play. He was met at the Rainbow Bridge by Belle and Sabo.

Cooper's sudden passing left a huge hole in our hearts. We will forever remember his woo woo's and howling, his kisses, and snuggles. We are

confident that

he is chasing and barking at squirrels on the other side.
