

## Cuddles Hall

November 12, 2021

Cuddles ("Stinky Winky") Hall was born in August 2002 and passed on November 12, 2021. She is survived by her pet parents, Dave and Susie Hall; and cat sibling, "Squeaky". Her other family and friends are Susie, Debra, Diana, Kameron, Kaleb, Kayla, Kara, Lillian, and Elijah.

Cuddles' favorite toys were two balls, toy mice, and a laser. Her favorite activities were sitting on Dave and Susie's lap, sleeping in the den on a Rocka Lounger, watching birds and squirrels outside through the windows. Her least favorite things were loud noises (thunder and electric sweeper). Her favorite place to sleep was on the recliner chair with a very soft blanket, with me in bed overnight - loved to lick my hair.

Favorite memories of Cuddles: She occasionally loved eating lettuce. She loved to be petted and talked to. She always gave us unconditional love. Loved to "purr" and did it very often. She would only let myself and Susie pick her up!!

Cuddles was preceded in death by Squeek. Cuddles and Squeek are now happily reunited and enjoying their time at The Rainbow Bridge. She loved everyone but was always afraid of very little children, because our daughter, Diana, saved her from small boys throwing rocks at her and brought her to us. She quickly became friends with Squeek and became a part of our family.

Cuddles, you will not be forgotten and thank you for being such a sweet and wonderful kitty.

-Dave & Susie
