

Daisy Singer

January 28, 2013

Daisy Singer, the much adored Shih-Tzu/Peek-a-Poo of Nancy Singer, passed on January 28th, 2013. She was approximately 15 years old. She was adopted in the fall of 1998 through the Madison County Humane Society. Daisy had a hard life before being adopted she only had one eye and she was extremely grateful that she found her new home and loving family! Daisy soon became the most adored member of her new household and she took numerous vacations with her family. When her human grandmother was in the hospital and nursing home, she made many trips to visit her grandma and she also made friends with anyone else she saw at the hospital! Her favorite place to be was always either sitting or sleeping next to her human mommy. Daisy was the best little dog that her family ever had the privilege of knowing and loving. She is and will always be missed by both her human family Nancy and Amber Singer and her almost 19 year old adopted brother miniature poodle Simba and 9 year old adopted brother Shih-Tzu Cody. She is predeceased by her human grandmother and uncle and by her adopted brother golden retriever Jake.
