

Denver Williams

September 29, 2023

Denver ("Denver Doodle", "Denver Wenver") was adopted from the Anderson Animal Shelter in 2008. They thought he was about 2 years old at the time. He passed on September 29, 2023. He is survived by his pet parent, Elaine Williams; pet siblings: Myla (dog), Marley (dog), Bucky (dog), Miss Meeny (cat), and Mr. Shadow (cat). He was preceded in death by Steve Spencer, and pet siblings: Cotton (dog), Foxy (dog), Licorice (dog), and Vanilla (cat). Other family and friends are Joshua Malone, Aurelia Williams, and Evan Spencer.

Denver liked chewing on yak chews. His favorite activities were taking walks, digging holes, and barking. His least favorite thing was taking baths. His favorite place to sleep was next to my bed and occasionally on the couch.

Favorite memories : Denver was always a very good dog in terms of being gentle and easy to get along with. He was even gentle and patient when he was sick, and right up to the end. He did have some unique challenges which could be annoying, but also endearing. He loved to dig holes. I had moles under my backyard for awhile and he could sense them underground and would stand and bark at the ground then start digging. He would occasionally dig up a mole and leave it for me on my couch. I also learned that I couldn't have any kind of vinyl or leather furniture because he seemed to think they were big chew toys, but we learned to work around that. He got along with any other animals that I had over all the years I had him.

When I got Denver from the animal shelter, they told me he was a border collie mix. At some point later, out of curiosity I had a DNA test done on him and he was 25.5 % Border Collie, but he was 54.3 % Beagle, and 13.1 % Miniature Australian Shepherd, with the rest being a variety of other breeds.
