

Dodger Stephens

August 8, 2024

Dodger Roo Stephens, was adopted into our family in May of 2017 and crossed the rainbow bridge on August 8, 2024 with his family surrounding him. He leaves behind his human parents, Brandon and Kiera, along with human brothers Kendall, Owen And human sister Kennedy. He was preceded in death by his fur brother Atticus (who welcomed him barkfully on the other side).

Dodger Roo's favorite activities were sun bathing, laying in his mom's lap, playing with his blue peanut Kong, he was his dad's best sidekick with everything he did, he loved chewing on charred bark, jumping on the trampoline with his sister, waiting in the window daily for his siblings to get on and off the bus and lastly dressing up for all the holidays. If we're being honest Dodger loved everything life had to offer (Except the vacuum, he hated the vacuum and refused to go potty when it rained). Additionally he loved car rides, kayaking, walks, he would be so excited he would take the leash and walk himself, all foods and yum yums (treats), lastly he enjoyed his Grammys visits and Nana's lovings.

Our boy was good at a lot of things, but he was the best at unconditional love and front door greetings. He was the biggest baby and never wanted to be alone. If you left him alone in a room, he would go to each of his siblings doors and nudge it until he got someone to answer. After being diagnosed

with Lymphoma January 30, 2023, he was given a life expectancy of only 2 to 3 months to live. BOY, did he prove them all wrong when he lived 15 months longer than expected.

Dodger brought so much joy, laughter and how in the world moments into our lives in his short 7 years with us. His daily greetings and snuggles will be deeply missed. He will be forever missed and forever remembered but he left behind his fierce love, which never wavered. In lieu of flowers, our family requests that you donate to Anderson Protection League (APL) and Madison County Humane Society. Along with giving your fur babies extra love in honor of Dodger Roo!

“ *Dodger wasn't just a dog he was family. Just one of the kids. If I went to his house with bags for the kids he would follow waiting on his treats and if I forgot he definitely let me know. He was such a character with his attitudes lol Dodger you are truly missed and much loved.* ”
