Ella's favorite toy was her toy bone. Her favorite activities were walking, sleeping, watching people, and eating ice cream and fruit. Her least favorite thing was taking medicine. Her favorite place to sleep was in the master closet, on the floor next to us..

Favorite memories of Ella: Getting a puppy cone from Handel's. Drives for puppy cups. Watching TV every night with mom. Cuddles and taking naps together. Providing support through the good and bad times. Getting watermelon from mom. Sleeping with her dad. Cuddle time with her brother. Relaxing in front of the fire in winter. People watching was her favorite thing, since she was so nosy. Growling at dogs twice her size from the window perch. Playing with Lucy and grabbing treats from George the dog next door.
