

Elvis Pedue

July 27, 2022

Elvis ("Chuckles", "Mr. Chucklehead", "Mommy's Big Baby", "Big Dog") was adopted on June 30, 2010, and passed on July 27, 2022. His Doggie DNA Test showed he was 50% Alaskan Malamute / 25% German Shepherd / 25% "Hound". Elvis is survived by his pet parents, Nadine and Rod Pedue; pet siblings: Boob the cat, Mr. Stiles the cat, and Toupee the cat.

Elvis liked everyone. He was very stoic, and such a mellow, sweet dog. His attitude fit his name. His favorite toy was a stuffed bone. His favorite activities were going for walks, with us or on his own! :) ; guarding the yard; chewing on a peanut butter or apple and carrot stuffed bone. His least favorite things were baths and the vet. His favorite place to sleep was outside in the yard or next to one of us in front of a fan.

Favorite memories of Elvis: The excitement my boy had when his harness and leash came out--he'd run in circles, but then stand still and let you "hook him up". His love for us and just wanting to be loved on. His LOVE for winter and being in the snow.

Some nights when your heart does ache,
worn out by tears you weep,
I quietly sit beside your bed and
guard you as you sleep.
Somewhere far beyond this place,
a land where all run free,
I'm calmly watching over you
and waiting patiently.
Someday when the time is right,
your voice will call to me,
and I'll come running like the wind.
Someday, wait and see.
