

## Ferguson Marshall Mann

November 25, 2020

Ferguson Marshall Mann passed away on November 25, 2020. She was adopted by Joe and Jennifer Mann on March 5, 2014. Her nicknames included “Ferg” and “Fergie”.

Her favorite toy was her catnip mouse. She enjoyed sunning herself, playing with her mouse, curling up in Jennifer or Joe’s lap, being carried like a baby, and climbing and jumping to high areas to see if she could knock anything off with her paw. Her not-so-favorite things included baths.

Ferguson had a favorite place to sleep, curled up on Joe and Jen’s bed.

Her pet parents shared some of their favorite memories: “If she heard the garage door, she’d run over to the stairs to see who was coming home. She would wait there at the top of the stairs for us to come up and receive pets. She’d chase invisible things up and down the hall, and run as fast as she could after them. She had the loudest purr and would knead you while you pet her. At the end of the day, she would jump on the bed and settle in for a TV show and pets. When she was done receiving pets, she would wander to the foot of the bed and settle in for the night.”

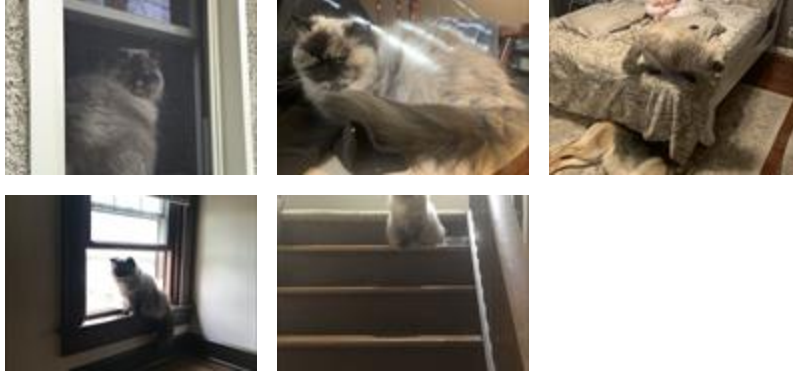

Ferguson is also survived by her human sibling, Evelyn, and pet sibling, Ruby.
