

## Fluffy Anderson

December 22, 2005 - April 17, 2025

Fluffy ("Queen Baby Girl Fluffy") was born on December 22, 2005; and passed on April 17, 2025. She is survived by her pet parent, Joedy Anderson; and her kitty daughter, Precious.

Fluffy's favorite toys were catnip mice and a lazer light. Her favorite activities were patrolling the entire house every night, and eating treats. Her least favorite things were having her nails trimmed and going to the vet. Her favorite place to sleep was in her bed on her blanket.

My baby girl would give me kissies on my cheek. She would kiss me when I whistled at her and called her beautiful. She was always there for me. She showed me she loved me every day. She will continue to live in my heart.

My baby girl was everything to me. I love her with all my heart and soul. I was blessed to have her for all her 19 years. She was the queen of the house and she made sure to remind the others every night. When the other cats saw her coming they would get out of her way fast. I, being her mom, was the only person she would allow to touch her. She would let me love on her as much as I wanted. I would give her endless kisses and she would give me tons of kisses on my cheek. I always told her, I love her infinity x infinity. She passed at home. It was at 7 in the morning. When she knew it was happening she got me, and woke me up because she wanted me to be with her. I put her in her

bed, I hugged her, gave her kisses, told her I love her and will always love her. Almost the whole time she kept kissing my cheek. I think it was her way of saying she loves me and saying goodbye. I held her until her last breath. She'll be forever in my heart, and I know we'll be together again.
