

## Frazier Acker

October 3, 2004 - September 3, 2019

Frazier Acker was born October 3, 2004 in the town of Belvidere, Illinois. Frazier was a small boy, at only 25lbs, but full of life.

Frazier, or Frey, as his dad liked to call him, was his fur-dad's special boy and they went and did everything together. Their favorite activity was going for car rides. As long as they were together they were happy, whether that was running errands or cuddling in bed with his dad.

His best friend was Hunter, Mike's sister's dog, and they loved having playtime and dates. His favorite treats were bacon treats, peanut butter, and green beans out of his dad's hand.

His dad writes "He was always happy and loving to ride in the car. I would take him with me to the Walgreen's drive up window and just as soon as I would turn into the parking lot, he would start wagging his stub as fast as it would go. At the drive up window, he would step onto my right leg and would be so happy as he knew he was going to get a treat. As I would be taking the prescription, I would give him the treat and he would hop right back into the passenger seat and eat the treat. He was always so happy."

Frazier crossed Rainbow Bridge September 3, 2019. He is survived by Mike Acker, Marilyn Corpe, his pet-brother Max and pet-sister Princess. He is also

survived by his sister Carol. He is dearly missed.
