

## Freckles Condon

September 11, 2025

Freckles Condon was born on or about April of 2012 in Madison County and released by her previous owners to APL in 2018. On May 4, 2018 she was rescued by her new Momma who eagerly adopted her and showered her with the love and care she deserved. Freckles crossed the rainbow bridge Sept 12, 2025.

Becoming blind a year after being adopted Freckles adapted well. She wasn't bothered by loud noises and loved being cuddled and sleeping with her Momma. When her Momma told her she loved her, Freckles would tuck her head under her Momma's chin and crossed her leg across her Momma's leg when laying beside her. To say she was spoiled is an understatement.

Run free my sweet baby girl. Run free. No more medical issues and you're whole again. I'll see you soon at the bridge with your sister Patches where you're reunited again. Love you and miss you both always, your Momma
