

Hank Foley

December 24, 2022

Hank ("Hanky", "Mommy's Baby") Foley rescued me on November 1, 2011 and passed on December 24th, 2022.

He is survived by his mommy Jennifer Foley & daddy Randy Bright. And also his fur pet sibling Hanna ("Hanny").

His favorite toys were: his chewed up plastic hotdog toy that used to squeak, his plush lambchop "lambie" and getting under and laying on his blankies.

His favorite activities were: eating his many treats after potty, barking, lying in the sun, being outdoors exploring in the yard, being vocal, eating his baby carrots (a daily ritual after our dinner), sleeping by his daddy on the couch and following mommy all over the house. He had to make sure that he always knew what was going on, he was very involved in the running of the house!

Least favorite would be: toenail trims at the vet, anytime we would leave the house and especially when mommy would leave for work.

His favorite places to sleep were: in his many beds, especially his snoopy bed and the one right up at the couch so he could look up at his mommy and never miss anything! Also in bed at night with us.

My favorite memories of Hanky are: the first time he licked me and i fell in love with him and brought him home to make my life complete. Watching him play with his hotdog toy and throwing it around with him in the livingroom. Being greeted by him every day after work. He would be up on the arm of the couch and walk out onto the end table, so as soon as i opened the door, he was the first thing that i seen! And all of the unconditional love that he has always

given to me, no matter what the circumstances were. I am forever grateful for the 11 years that i was blessed with him, it was much too short. He was my soulmate, my best friend, he made me a mommy. Rest in peace, until we meet again Hanky.
