

## Harley Alexander

February 13, 2004 - March 10, 2014

Harley was born February 13, 2004 in Arkansas. He was in a cage at a pet store at the Castleton Mall when his future mommy saw him. She couldn't leave him there, and on April 24, 2004, he was brought to his forever home. He was the softest, cutest wiener dog we had ever seen!

He is survived by his human parents, Chadd and Jennifer Alexander, and human brothers, Jackson and Brady. Also, his feline sister, Mia. Harley and Mia played together every day and were good buddies.

Harley proudly watched both Jackson and Brady come home after their births and protected over them. He was lovingly called "wiener dog, wiener dog, wiener dog dog" and "wee wee dog" by the boys.

He loved to play ball and go for walks. He also took great pride in his "babies," any stuffed toy he received...but he always tore them apart to rip the squeaker out within a few days.

He was also known as "snuggle dog," as he loved to be a companion to all of us in the home. He also loved if you called him handsome. If you wanted to give him a bath, though, you'd better not let him know ahead of time, or he would be hiding under the bed in no time.

Harley loved when we cooked breakfast for dinner, as he always knew he would get scrambled eggs. His other favorites were popcorn and ice cream. Harley was the best companion ever, and a true member of the Alexander family. He will be missed always and remembered fondly. All of his playing and fun times took their toll on his back, and we now know he is playing ball

on new legs in heaven, waiting for us to come and play as well.

# Tribute Wall

“ *We miss you Harley. Your family will never forget you.* ”
