

Harley Denton

November 5, 2012 - August 31, 2025

Harley Ann Marie ("Old Lady Cat", "Har Har") Denton was born on November 5, 2012, and passed on August 31, 2025. She is survived by her pet parents, Lynndsey Denton and Emmett Denton; pet siblings, Gemma Marie and Peanut Butter.

Harley's favorite toy was string. Her least favorite thing was her little sister, Peanut. Harley's favorite place to sleep was on the bed with her mommy and daddy or in her cat bed or sleeping on her daddy's hip.

Favorite Memories of Harley: One of her daddy's favorite memories of Harley was when her daddy came to live with her mommy. He fed her cheese and they became best friends. One of her mommy's favorite memories was when I would go for a drive she would come with me and she would look out the window and start meowing. Harley was our best friend. She loved running to me and her daddy. She would always try to run between our legs every time we would walk. Harley was our first fur baby together. We will truly miss her. She was our cuddling buddy every time we would either take a nap or go to bed. Her favorite thing was every time either me or her daddy would open can of wet food or tuna she would come running like she was in a race.
