

Jack Meyer-Keesling

April 13, 2006 - March 12, 2014

Jack was a huge part of my life for 8 years. In April 2006 I found a German Shepherd breeder in Southern Indiana, he said I have one left. The little black and tan butterball never left my side the entire visit. He slept on my lap all the way home. From that day our house was filled with so much love, fun, and warmth. As a tiny puppy I carried him everywhere, knowing the day would come when I could not do so. Jack liked the snow, he liked to "cow hunt" enjoyed watching hummingbirds and butterflies, play with his plush ball and his monkey, laying on the porch, cookies, and steak bones, naps, being brushed, and hours of petting, but most of all being close to his friends and family. He made me feel safe, happy, and like my life had purpose. He was fiercely protective of his family, home, or any vehicle he was in which he knew was his rolling dog house. He was my lifeline. He was with me through the lowest point in my life, he saved me, and taught me what unconditional love is. On March 12, 2014 Jack went to live and play on Rainbow Bridge where he won't feel any pain. He will be able to run and play like he did when he was younger. It kills my soul not to have him here with me but thankfully I have my memories and many photos. His absence has left our home and hearts empty as he was deeply loved and will always be missed greatly.

8 years. My constant companion. My best friend.

Jack, you will be forever missed and loved. I love you so very much. Nothing

will ever take your place. You were my "something special". You were my big boy and now you can be forever young
