

Jake Sarjeant

August 9, 2024

Jacob Blues (Jake) Sarjeant, originally named Archie, was adopted on July 16, 2010 in Plymouth, IN from the Marshall County Humane Society. He passed away on August 9, 2024 after a long battle with lymphoma and other medical complications. He is survived by his pet mom, Victoria Sarjeant, his beautiful cat sister Amber, and his favorite family members that helped care for him throughout his many years – Shelley, Betty, Nathan, Eric, Calvin, Daphne, Charlie, Dave, Lisa, Niki and Oliver (cat) that helped cover medication duty, cat sitting, provided snuggles when he wasn't feeling well, and generally kept him entertained and amused. Jake was preceded in death by his old friends Wookiee and Sammy. He had excellent care teams that never gave up on him at Noblesville Pet Wellness Clinic and VCA Advanced Veterinary Care and we will forever be grateful for the many years they added to his life. Jake had a very strong extended support system as well.

Jake enjoyed the easy life. He often just sat on his corner of the couch, snuggled by mom's head, and enjoyed hanging out in mom's closet. He liked watching Cat TV on YouTube – especially mice and chipmunks. He loved carrying around his favorite toys – Mary and Seamus – two bobble toys with mice on top, but he treasured any toy with cat nip. He also occasionally enjoyed being with his sister, though he was a little more distant in his later life. Jake loved his mom's friends and his mom's co-workers and loved joining Team's calls. He hated all things that cleaned – especially vacuums, brooms,

and trash bags. He also hated car rides.

The best memories include the lengthy conversations we would have, after all, he was a typical Siamese. I will miss falling asleep to him next to me while watching TV and waking up to him sitting on my chest meowing. Jake will always be our raggedy man and our best friend. We love you, JJ.
