Jayla "Deercub" Beamer

May 6, 2012 - February 13, 2025

Jayla passed away from her battle with cancer. During her life she was sole protector of the house, a mother to 17 total pups, and an excellent comfort dog/bestfriend. Jayla loved attention from the ones she loved often considering herself an oversized lap dog. She often loved laying outside in the sun and rolling in her favorite spots in our yard, or sleeping in the sun on top of our couch. Jayla also loved going on walks. In her lifetime her favorite thing was going bye bye so she could hang her head out the car window on our trips. Jayla is survived by her two cat siblings Zombie and Tiny, her life partner and father of her pups Dro, and her human relatives a brother Aidan, her two mothers Anna and Raina, and special friend Barry. She is deeply missed by all of us.
