Jazmine's favorite toys were her soccer ball, tug-a-war, mouse, milkshake, and any new toy. Her favorite activities were going to the park, taking walks, and taking car rides. She liked to swing. She liked running and playing with her sister in the backyard, chasing squirrels and anything that moved, barking at dogs and people. She also liked her bath time. Her least favorite thing was getting shots at the vet office. Her favorite place to sleep was wherever her bed was.

Favorite memories of Jazmine:

Watching her and her sister play with toys. Chasing her sister around the house and playing hide and seek. In the winter, watching Jazmine and her sister play and run in the snow with their matching coats on. She was always ready to go to the kitchen for her treats.
