

Juicy LuAnne Peters

December 29, 2014 - February 16, 2023

Juicy LuAnne Peters was born December 29, 2014 & crossed the rainbow bridge on February 16, 2023. Juicy was the gentlest of giants & had such a sweet soul!! She absolutely loved love!! All she ever wanted was to snuggle with her mom & dad, she loved belly rubs, cuddles & giving her mom big wet Juicy kisses. She was 161 pounds of love!! When her pug brother passed away when she was young, she grieved so hard for him that we had to get her another puppy. Soon baby brother, Jasper Wu came home & she immediately took over caring for him, mothering him & showing him the way. She loved going bye bye & sticking her big 'ol head out the car window. When we were out & about strangers always wanted to stop us so they could pet her & ask questions about her, she was more than happy to accept any love & pets they had to offer her. She loved her toys & did not like to share them, she believed they were all hers. In fact, she thought everything belonged to her & that was ok because our hearts sure belonged to her!! She loved it when her dad talked to her in his baby voice, she loved going on sniffaris (walkies), she loved to smell all the smells. 9 years & 3 months was not enough time for all of the love she had to give, it definitely was not long enough to have that kind of love in our lives. I can honestly say I am a better person for having loved her. She was the best girl!!! She will be greatly missed.
