

Kishi Moon Lakey

August 6, 2005 - April 4, 2018

Kishi Moom Lakey lovingly rescued his family after they met him at ARF in Muncie. He was born on August 6, 2005 and passed on April 4, 2018. His nicknames included Bubba Kitty, Moon Man and Ki-Ki.

Kishi's pet parents are Ash and Cage Lakey and his siblings include, Melina, Karma, Pikachu, Layla and Angel.

Kishi never met anybody he didn't like. He was loved and cherished by all. He was known by his sister's Girl Scout Troup as their Un-Official Mascot. He crashed all their meetings and events with love or snuggles. Took turns sleeping with each girl at their yearly sleepover and once got away with a whole tray of pickle wraps. He wouldn't have gotten caught if it weren't for those meddling kiddos.

His favorite toy was his hammock or bed. He loved forehead kisses from mama, long naps in the sun and sleeping whenever possible. He loved canned chicken or tuna and could hear a treat bag from a mile away.

Our favorite moments were the happiest ones. The day we met, the oddball places we would find him sleeping, and the antics that never seemed to end with our bubba kitty.
