

## Lady Theaman

November 7, 2011 - April 1, 2026

With never ending love we announce the passing of our beloved Cocker Spaniel, Lady (Big Mama). She was born on November 7, 2011; and passed on April 1, 2026, with her pet parents by her side.

Lady was the beloved pet of parents Debbie, William, and Amanda Theaman. She also leaves behind human sibling, Bella; her Uncle Don Peavey; her pet sibling, Scamp; and pet cousin, Bo.

Lady loved to go for a ride and went on vacation to Kentucky to our apple festival where she delivered a pizza at the hotel that we were staying in. When the deliver driver came in and saw Lady there, she followed him to the room and delivered it. She did not get a tip, but the driver loved her and said she was hired.

Lady also loved to play in the snow. The more snow the better. She would bury her nose in it and then roll around in it and carry it into the house.

Amanda taught her Spanish and she understood it very well. Her human dad loved to rub his fingers through her curly hair on her head and she loved that. Her human mom loved to take her to the groomer, so she could have her spa day to get all dolled up. Her favorite treats were spiral twist sticks, beef jerky, and going to Dairy Queen for a pup cup during the summer.

We would like to say Thank You to our groomer, Dianna; and the girls at Clip & Cuddles in Beech Grove.

A very special Thank You to our vet, Dr. Maple, at Brookville Road Animal Hospital and vet techs Rachel and Jordan for taking fantastic care of Lady

until her passing. Thank You also to Loyal and True for caring for Lady after she passed.
