Little D's favorite activities were walking, sunbathing, and eating. His least favorite things were car rides. His favorite place to sleep was mom's bed.

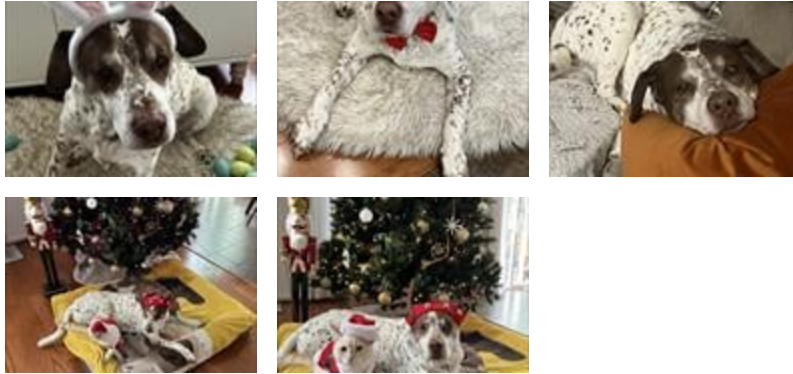

Favorite memories of Little D: Every time he got to eat a piece of steak and going on walks.

"Our beloved Little D came into our lives when we needed him most. Little D was sweet, calm, loving, and an absolutely loyal dog. We enjoyed every bit of the 7 years we had together, from our trip to Chicago to our evenings out on the patio watching the neighborhood pass by. Our Little D was always happiest sleeping right next to his mom. Little spent everyday wanting to be by his mom's side, whether it was on a walk, or while she was washing dishes. We miss you every day Little D, hasta que nos volvamos a encontrar."
