May 5, 2009 - November 30, 2023

Lucy,

You were my favorite hello, and my hardest goodbye. Born on May 5th 2009, you brought so much joy into our lives. You picked me. I'll never forget that! You knew everything about me. My loyal listener and best friend. I will forever miss the way you would trumpet, "LU LU," when I'd come home to you. My sweet girl definitely ran the show. Never missed a thing. You left us on November 30th 2023. Alex misses you. Nana and Papaw miss you. Your brother Jack misses you, and has been looking for you. I hope you find each other again when he's ready. Me? I miss you every second of every day. You will always and forever be Daddy's girl. Till we meet again, I love you.
