

Lucy Reason

April 20, 2022

Lucy (Lou) Reason, was adopted on August 5 ,2013, and died April 20,2022, She was the only fur-baby of Larry and Jenni Reason.

Her favorite Human was her God Mom, Diane McCalister our next door neighbor, who brought her treats every evening after she got off work. She would wait by the window for her to come home.

Her favorite toys were Ricky Racoon, Lamb, and Monster. She had many toys but those seem to be the ones she would beat up on.

Her favorite thing to do was going to the post office every morning. She was at the door, stomping her little feet to get going. She loved the yard, chasing birds, rabbits and smelling every blade of grass.

She also loved the veggie garden, green beans were her favorite.

Her least favorite was taking her meds. She didn't care for her grooming but she liked MaryAnn and would tolerate it.

She was terrified of storms and would go to the shower, that was her hidy-hole. She felt safe there and that is where she died, a safe place.

Since Larry is hard of hearing, she got to barking to let him know when the phone of ringing, then it was when dinner was ready, she was quite a little helper.

Such a sweet and funny little girl, she can never be replaced.

She left us way to soon and we will miss her dearly and always remember her sweet little face. RIP LUCY
