

## Mackie Tricker

June 25, 2019

Mackie Tricker had a hard life before falling into the loving home of Dorothy and Lawrence Tricker. He was adopted from an adoption event hosted at Rural King almost 10 years ago by Dorothy's son, Lawrence, and was soon brought home after they fell in love with him. Mackie was a smart little dog that enjoyed life and loved his family.

Mackie had several nicknames, some of those being Baby, Chicken, and Macaroni. His favorite toy and activity was his rag and he could often be found playing with it. He loved to run around and play tug of war with his fur mother. And while he did love to play, his favorite activity of all was laying on the couch and napping with his furmom.

Dorothy loved to spoil Mackie, with his favorite treat being chicken, which is how he got his nickname. Whenever there was a storm Mackie would curl up and cuddle close to his mom, knowing he was safe in her arms.

His mom writes "I still miss him very much and cry when I think about all this. We have had many dogs in the past, but none like my Mackie. Actually, he was adopted by my son, but after my son married, he became my dog... even before our son left home. I just had a special connection to him."

Mackie Tricker passed away June 25, 2019 and is survived by his family,

Dorothy and Lawrence Tricker, Kugel, Red, Caesar II, Siro and Opie. He is loved and by missed by his entire family. RIP Mackie.
