

Mason Case

February 2, 2022

"Mason Case (Mace, Macy, May-May, Macy Bear) passed away surrounded by his family on February 2nd, 2022. Mason was the most amazing companion that one could have ever hoped for. He was loved and adored by his parents Kim and Bobby, and his human brothers Hunter and Jackson.

Mason was adopted on January 11th, 2014 from Southside Animal Shelter in Indianapolis. It was love at first sight and we couldn't wait to give him a new home and a second chance at a wonderful life. He brought us profound joy for the next 8 years. He was loyal, protective, kind, and the best snuggle buddy ever.

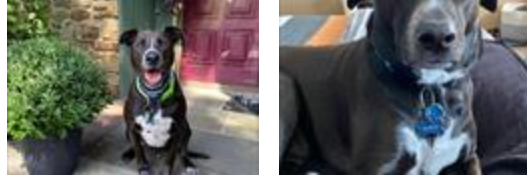

Mason's favorite activity was his daily walk around the neighborhood. He loved to chase squirrels in his yard, which was his kingdom and he protected it fiercely. His favorite foods were chicken, eggs, peanut butter, popcorn, animal crackers, and pretzels. He really did not like baths. He loved to share popcorn with his Mom while sharing her electric blanket. He went wherever his Dad went and liked to sleep next him at night.

We would like to give thanks to Dr. Manor, Libby, Aaron, and team at VCA Animal Hospital in Fishers, IN. for the wonderful care and compassion that they provided to Mason over the past 2 years. "
