

Midnight Prpa

February 13, 2025

Midnight ("Blackey") Prpa was born on August 16, 2021; and passed on February 13, 2025. He is survived by his pet parent, Nidia Prpa; pet siblings: Leo, Mandy, Missy, and Mittens.

Midnight was a joy to our family, passing away only 3 1/2 years old was a very big shock to our family. He liked to play with his siblings when he felt like it and he also loved to sleep next to Mom in the bed on his favorite pillow. Midnight was cherished and loved by two grandmothers, they were his great grandmother, Carol; and his grandmother, Amy. So when Mom wasn't home, he always had someone to go to. But you can always tell that he was his mom's one and only. He would have a very special meow to just his mom and would not meow to communicate with anyone else. He would wait by the front door for Mom to get home so that way we could go outside in the hallway and roam the . One thing he enjoyed most of all was playing with his pickle and getting to play in boxes anytime Mom would bring home a new one home. When Midnight was first adopted, he had other siblings and in that time when Mom went to put the carrier down, he came running and jumped right in. He swatted away at his sisters and brothers and told them not to join. Midnight also would follow his mom to the bathroom every time she would go there was never a time where he wouldn't follow Mom to the bathroom or wouldn't go to the bathroom himself in the shower or in the bathtub. I couldn't ask for a better cat and as it being my first, I will forever miss and love you midnight. Rest in

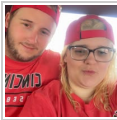

peace, midnight rascal, butthole prpa and mommy will see you again
someday and I can't wait. We love you midnight♡

“ I'm so sorry for your loss and for the loss of a great companion. His passing may have been sudden and shocking, but hopefully he is at peace from any kind of pain. May he rest in peace.
