

Milo Brooksher

April 23, 2007 - August 1, 2017

Milo "Punky Butt" Brooksher, 10, of Marion, passed away on August 1, 2017. He was born on April 23, 2007.

He loved to do a lot of activities throughout his life, but some of his favorites were going for walks, swimming, hiking, car rides, playing tug of war, and especially spending time with his mama. He also liked to eat ice cream, slushies, or really anything his mama was eating. He enjoyed playing with bubbles, laser pointers, and the "baby" (sling shot squirrel). Milo did not like bath time.

Milo is survived by his loving parents, Amanda and Jason Brooksher; and human sister, Ashley Brooksher. Also surviving is his Papaw, Glen Banter, and Grandma, Mary Anne Brooksher.

He was preceded in death by his Nana, Patty Banter.

"He was always there for me when I needed him most. You have no idea how much he has been there for me. Every walk was an adventure, i.e., chasing squirrels, etc. We will always remember him playing in the snow, with other dogs, catching Frisbee's, chasing bubbles, and riding in the car with motorcycle goggles on. He was so smart; he could learn new tricks with only been shown three times!. He knew how to turn my phone on and text, or he

even knew how to open a drawer, nib in it, and then close it to hide the evidence. He was the most loyal fur-baby a person could ask for in life. He had personality for days, would give you a side eye when he was mad at you, and was a cuddle bug. I could go on and on about my Milo!"
