

Mimi Stoddard

February 17, 2025

Mimi was adopted in the spring of 2004 at the shelter in Greenville, SC and was estimated to be a year old. She gained attention by slapping the ballcap of her soon-to-be-Daddy as he browsed the cages. She was adopted alongside Oscar, who was 2 years old. They became friends almost instantly in an office at the shelter. Mimi passed away peacefully in her home with her family on 2/17/2025. She was preceded in death by Oscar, who passed in October of 2014. Mimi was also called Mimi-girl or Queen Mimi. She leaves behind her parents, Robert and Robbin Stoddard, her Grandmom Wanda Burnside, who cooked chicken just for her to help her keep her weight on. She also leaves behind her adopted boys, Frankie and Mickey, rescued from a feral cat colony at 4 months. She taught them everything including who was boss. She also watched her human siblings Christopher and Lauren grow up to have children of their own, and she earned a very special place in the heart of Brayden Stoddard, her human nephew. Mimi loved toy mice in her younger days, and she loved walking outside on a leash in the yard. She loved food, and developed a sweet tooth in her old age, however tuna water was a favorite. She hated rides in the car, and in her elder years had to be slightly sedated. She used to sleep between her Mom and Dad and was called the “chaperone” sometimes and would curl up with her head on the pillow. In her elder years, she enjoyed her cat bed with a small heating pad in the closet, and Frankie would sometimes join her and give her company. Mimi was always known as a little troublemaker; once in her younger years she

turned over a giant plant to chase a lizard. She was also a Daddy's girl and would lay on him and drool when she was getting love. She taught the boys how to groom themselves and was fastidious regarding her hygiene even into her elder years when she needed help. We will all miss this sweet tiny girl who could run the whole house, including both humans and her big adopted boys. We love you Mimi Girl.
