

Molly Jayne Knott

September 1, 2010 - September 9, 2021

Molly Jayne was born in September of 2010. She left us much too soon on September 9, 2021 after a life of 11 years and her pet parents, Kevin and Ann, as well as her older sister, Princess, were heart broken. The time she shared with us will always bring back wonderful memories for us and for others who knew her as well. We know someday we will meet her again at the Rainbow Bridge on our passage from Earth to Heaven. Molly always was playful with her "blue bone" that she hung onto all of her life. When she was younger the "blue bone" as she knew it by, would squeak often but as she aged and the toy did as well; the noise became more silent but Molly would always play fetch and return the toy to anyone who would toss it for her delight. Molly Jayne would often go with her earthly mother to work and delighted in "wheelchair and walker rides with the residents" and she was never short of talking (barking about the daily events which transpired at home) to her earthly parents after they would return home from a day's work. She shared a bedroom with her 14 year old sister and the 2 of them often would be in tandem when doing things to get the attention of their parents. Molly Jayne was always looking for ways to make others laugh, her disposition was such that she got along with other humans and pets who came into her life so easily and will be remembered for her sweet disposition to all. A favorite place for her to sleep was in her earthy mother's arms. She loved car rides, ice cream on Fridays and cuddling with her parents. She never really liked getting her hair brushed out but boy did she like looking good before going places!!!

A life well lived Molly Jayne, and your presence will always be remembered by Mommy and Daddy for the rest of our lives...until we meet again on The Rainbow Bridge.
