

Mycen Carson

April 23, 2018 - July 16, 2019

Mycen Carson, also known by Myc-Man, Kitty Boy, Mycee and Sir, had his life cut short suddenly due to a respiratory condition that was not caught until it was unfortunately too late.

Mycen is survived by his parents, Traci and Dustin, and his sisters, Ellie and Zoe.

His presence will be extremely missed by his parents, who saw Mycen as more of a child than a pet. He was well known for his toe tapping, his curled tail, and you could almost always count on finding him in the top of the cat tree. He loved to sleep up there, as well as on the kitchen chairs, or upstairs next to his mom on his kitty perch. He was well known for stealing Dustin's foot stool for a quick nap, and making biscuits on any pillowy surface. Whenever Mycen heard the "tap tap tap" of the wet food can, he would show up in a heartbeat with enthusiasm. We will always remember his silly quirks that made him the Mycen we fell in love with.

Mycen will be deeply missed and his absence leaves us with a deep sorrow. We will always remember our little Myc-Man and his sweet, beautiful soul. Rest easy little guy. We love you.
