

Paisley Morman

May 13, 2011 - December 9, 2021

Paisley "Big Monk" Morman was born May 13, 2011, and passed away on December 9, 2021.

She is survived by her pet parents, Dwayne and Cathy Morman; human siblings, Rachel and Lauren; and pet sibling, Kami.

Her favorite toys were her whiskey bottle squeaky toy and stuffed cloth doll, she loved to toss them around. She also loved playing tug-of-war with her favorite ball.

Paisley loved to swim! She enjoyed fetching her favorite water toy out of the pool and would take a lap around it before exiting via the stairs. She was a big snuggle bug and was the best nap companion with the softest fur, like velvet. In her younger years she enjoyed running around the backyard playing with her fur brother, Dexter (RIP 10/2018), and fur sister Kami.

Her least favorite thing was taking her medications. Her favorite place to sleep was anywhere soft and snuggly.

Favorite memory of Paisley: We went camping and rented a golf cart to get around the resort. She loved riding around everywhere with us!

Paisley was a loving and loyal companion with a calm yet majestic presence.

She brought so much joy to our family with her silly antics and sweet disposition. Our hearts are so deeply grieved by her passing and she will be forever missed. We have been blessed with many happy memories to cherish.
