### Poppy Helen Retz

Born December 9th, 2017 and went to the arms of Jesus August 24th, 2021.

Poppy had so many nicknames: Poppa Louise, Smush-Smush, Dink-Dink, and Baby Girl. She made a big impact on many people in her short time here on Earth. She was never anything but joyous and grateful. She always made

sure to show how loved you were without a second thought. Her favorite toys were her little “babies” and she was extremely fond of sticks. She would bring

them inside and be so proud. She loved to be with her family all the time, and she also loved all other animals and people. She adored her cousins Oliver and Jessi and had to watch over them when they came to stay the night with

her. When her mamaws came to visit she had to be sure and get some belly rubs. Her favorite places to sleep were snuggled up with Mommy and Daddy or in a piece of sunshine in the yard, but right by her Daddy was “her” spot.

She was her Mommy’s shadow and enjoyed doing anything that Mommy was doing, whether it was doing dishes or being read to. She leaves behind her daddy and mommy, William and Amanda Retz, her brother Petey. She was an angel on Earth, and now she has gained her wings. Until we meet again, Baby Girl. We all love you.
