

Prince "Bubba" Jarvis-New

March 30, 2019 - December 8, 2024

On March, 30, 2019, the world became a better place, when Prince (a.k.a. "Bubba") was born in Indianapolis, Indiana.

From his first day to his last, Bubba's huge heart and sense of humor shined through – he knew precisely how to make his family laugh, and his giant, slobbery smile brought darkness to light. Bubba's physical presence was both impressive and intimidating, and he would go to all lengths to defend his family; yet he was a friend to anyone who posed no threat. Simply put, Bubba was the perfect gentleman and companion...

Bubba could catch virtually any treat thrown within a couple of feet of his mouth and was a world-champion level athlete in the areas of wrestling; gymnastics; digging holes and competitive eating. He could communicate with morse code by pushing the knob on the back door, signaling his desire to come inside. Also, while on car rides, he was a magnificent co-pilot, providing directions from his back-seat perch through impassioned licking of the driver's face.

Special thanks to both VCA Advanced Veterinary Care Center in Fishers and Herrmann Veterinary Clinic in Cicero for providing both care and kindness to Bubba; he loved his rides to the vet as well as the McDonalds hamburgers he received afterwards.

Bubba left many friends, both furry and feathered, who will remember him eternally; however, his best friend and partner in all things (both good and mischevious); Pasco (a.k.a. "Beb"), misses Bubba enormously. However, Beb, along with Bubba's mom, Emily Jarvis; his grandparents, Tony and Sarah New; his uncles, Mason Jarvis and Slade Webb; and Bubba's little friends Kalani, Easley, Violet, and Dahlia will forever live with the joy that Bubba brought to our lives.

We love you, Bubba...
