“ *Quinnie girl was a great dog, even during the bad days! She would bark (though very shrill) to let us know she needed to go out, she definitely didn't let it be known she was getting old! Even down to the last months, she would make her way out of the garage door and out into the street and make us chase her to bring her back in. She was a lovable dog and will always be remembered. Rest in love Quinnie girl* ❤️
