Raven's favorite toy was Rascal the Skunk. Her favorite activities were sun tanning, watching for squirrels, cuddling with mom, naps, chewing on chewsticks. Her least favorite things were nail trims, taking medicine, getting woken up from naps. Her favorite place to sleep was as close to mom as possible, in her cozy bed.

A message from mom - Raven was my best friend. I knew she was my baby from the second I laid eyes on her. After having spent over half of my life with her, I can tell you she was the most resilient, sassy, loyal, and comforting soul I have ever met. I love her with all of my heart and I cannot wait for the day I get to hold her again.
