

River Styx Campbell

August 11, 2024

River Styx ("Ms. New Booty") was adopted in October 2017 as a kitten, and passed on August 11, 2024. She is survived by her pet parent, Kari; human cousin, Zakai; and pet sibling, Ademi Rose. Other family and friends are grandparents: Marla and Quinton Campbell, Great Aunt Cindy, Step Dad David, uncles K.C., and Kory.

River's favorite toys were the simplest mousey or bird or wand toy. She also had a welcome mat/small rug all her own to play hide and seek with her paws because I have no carpet. Her favorite activities were chasing flies, pouncing on wrinkles on the blanket or rug, attacking toes under the covers, running to my voice at the automatic feeder, bedtime cuddles and getting on a good sniff. River's least favorite things were car rides, maintenance visits, loud garbage or fire trucks, and me leaving her. Her favorite place to sleep was splayed out on the floor in the living room, nearby me, in her lap by her choice, on my chest at bedtime, on the special memorial blanket for Demi in the sun, the middle of the cat tree.

Favorite memories of River: Before I got her to keep Demi company, I had started searching specifically for a black cat. I saw her and it was love at first sight. She was laying all stretched like a sphynx, one arm way out. I said, "I want HER! She's the ONE!" She uses her paws like hands. She was handsy ever since.
